Arcade Sofa System

Resident

Simon James - Year 2018

The Arcade Sofa is a modular system made up of interlocking units, which allow the user to build and create the ideal configuration for their home.
Single or corner seats, narrow and wide chaises and ottomans can all be paired together with a choice of narrow or wide arms, to gift the user a truly individualised result.
Especially recognisable is Arcades slim-lined L shape arm detail, this is designed to contrast against the soft relaxed look of the seat and back.

Developed in New Zealand over a number of years, Arcade's revolutionary multi-density feather and foam system allows complete comfort in the home.
