Press Release – Sacha Range Extensions by Philippe Malouin

Resident, in partnership with designer Philippe Malouin are delighted to introduce three distinctive new additions to the Sacha seating collection.

Designed to complement the easily recognisable Sacha dining chair, new launch items include an armchair, along with 2- and 3-seater sofas.

Excitingly for Philippe the final Sacha prototypes were approved at Residents Headquarters in New Zealand on his first visit to the southern hemisphere.

The new Sacha items have a welded steel frame, that supports the plywood and foam.

About Sacha

The Sacha collection is a fully upholstered seating range. Drawing inspiration from folded paper chair prototypes, Sacha incorporates monochromatic materials that extend seamlessly to the floor. Visually graphic, Sacha is comfortable yet brutal and geometric with an unexpected twist. Sacha's distinctively folded backrest offers the perfect resting angle, providing exceptional lumbar support. The Sacha collection can seamlessly transition between domestic and commercial settings

Sacha Arm Chairs and Sofas are Made in New Zealand
